Sheila:

Attached are materials for the upcoming meeting with the IGTT. I suggest that we share via email with members of the BBA Technical Team, just to make sure we have general agreement.

The attached materials include:

--Draft Assessment Outline

--Draft Introduction to Conceptual Diagrams, including the summary conceptual diagram for the assessment

--Draft Conceptual Diagram for Mining Construction and Operation, water quality

--Draft Conceptual Diagram for Mining Construction and Operation, water quantity

--Draft Conceptual Diagram for accidents

We hope to have the conceptual diagrams for post mining operations by tomorrow, but I suggest not delaying distribution of these materials to our technical team.

Onward.

Jeff
